EXPERIENCE

Sales & Marketing Specialist
One Zeus Solutions, Full-time
Mar 22 to Jul 22

Leveraged strong communication skills to engage customers via Door-to-Door Sales for One Zeus Solutions. Gained valuable interpersonal skills & insights into customer needs, & honed problem-solving abilities in the process

ACADEMIC PROJECTS

Fovoro, SUTD Food Review App
Information Systems & Programming

Designed & built a prototype Android food review app for SUTD. Utilized Java & applied OOP principles, patterns, data structures, & algorithms to enable review, rating, ranking of stores, & menu browsing functionalities.

Import Prices vs Food Prices in SG
Data Visualization & Trends

Led a team of 5 to explore food safety and security with Multiple Linear Regression in Excel & Python. Analyzed data through visualizations, transformed it for regression, & built models evaluated using metrics like MAE & R-squared.

EDUCATION
